# Canadian Elder Abuse Training and Information Forum

Join us for the Canadian Elder Abuse Training and Information Forum that will bring together older adults, service providers, law enforcement and other professionals to:

- *provide education and training on elder abuse.*
- *provide resources, tools and increased capacity to reduce the harms associated with elder abuse.*

## ABOUT THIS FORUM

This Canadian Training Forum will provide participants with several practical tools aimed to increase abilities when responding to situations of elder abuse. Speakers from across Canada will provide information on their research, and will train participants on elder abuse screening, assessment and prevention tools. Older adults, family, service providers, health care providers, law enforcement, legal and financial professionals and other groups will be informed on how to recognize, respond to and prevent elder abuse.
