The **International Network for the Prevention of Elder Abuse** (INPEA), and its Partners would like to invite you to join us in our 3<sup>rd</sup> global day of learning and understanding elder abuse, and the importance of the “1991 UN Principles of Older Persons.”

The day will focus efforts across the globe to raise awareness of elder abuse. The day will include events, such as cultural, educational, art and social activities, as well as networking with other entities in order to understand elder abuse as a social and Human Rights issue that can be prevented.

INPEA has designed a Resource Tool Kit to assist individuals and groups to plan and participate in this *global event*. To access this Resource Tool Kit, go to: [www.inpea.net](http://www.inpea.net)
